somfy®

WireFree range: no need for electrical wiring

Somfy's new WireFree motorization range is designed to accommodate all types of shades, blinds and draperies. This easy-to-install solution is completely wireless and is powered by high-quality rechargeable lithium-ion batteries. Only recharge once or twice a year or go maintenance-free with a solar charging option.

Let the smart shading possibilities free your imagination to creatively design your home interior experience. Maintain the right balance between natural and artificial light for enhanced energy savings, comfort and to protect your privacy without thinking about it.

Create your perfect ambiance using simple voice commands or automated connectivity options, all without distracting from your day.

Make a move! Enjoy the freedom of smart shading.
